18 January 1956

MEMORANDUM FOR: Director of Personnel

SUBJECT : Trip of Project AQUATONE Personnel Abroad

On 21 January, five members of Project AQUATONE Staff will be making a trip abroad on official business. The matter of DD/P area clearances was taken up with you in Memorandum [redacted] dated 22 December 1955. The other clearances normally handled by the Central Processing Branch for overseas travel are, in this instance, being taken care of directly by this Office. It is requested, therefore, that the Central Processing Branch be relieved of the responsibility for obtaining these clearances.

JAMES A. CUNNINGHAM, JR.
Director of Administration
